

STEP-BY-STEP GUIDE TO CREATING AN IBM CLOUD ACCOUNT

1. Step 1: Access the Cognitive Class Course

1. Open your browser and go to the <https://rooman.skillsnetwork.site/>
2. Log in using your credentials. If you don't have an account:
 - Click **Sign Up**.
 - Fill out your name, email, and password, and create your account.
3. After logging in, search for "**IBM Cloud**" in the course catalog using the search bar at the top.

4. Enroll in the course by clicking the **Enroll Now** and **Go to class** button.

✓ Welcome	+	Course Handouts
✓ Module 1 - Overview of Cloud Computing	-	
✓ Module Introduction and Objectives		
✓ Video: Definition and Essential Characteristics of Cloud Computing (5:51)		
✓ Video: History and Evolution of Cloud Computing (4:25)		
✓ Video: Key Considerations for Cloud Computing (5:01)

Obtain an IBM Cloud Feature Code

Next >

Bookmark this page

To facilitate hands-on skills development and enable you to complete some of the labs in this course, we are providing you with a special feature code for IBM Cloud.

This feature code will enable you to either create an IBM Cloud account without a credit card, or extend the validity of your existing IBM Cloud trial.

Please check the box and click on the Open tool button below to obtain a unique Feature Code and copy it. You will be able to apply it using the instructions that follow in a subsequent lab in the course.

STAFF DEBUG INFO

Your IBM Cloud Feature Code

Copy the feature code below or click Activate Your Trial to get started with IBM Cloud.

NOTE: If you have already applied your IBM Cloud feature code in another course/lab to create an IBM Cloud account, please skip this item, as the code can only be used once.

CAUTION: While signing up for an IBM Cloud account, or at a later stage, you may be prompted to enter a credit card. Please note that access to paid services or a credit card is **NOT** required to complete any mandatory labs/projects or assignments in this course. Instead, those enrolled in this course have access to a **Feature Code**, which enables trial access to IBM Cloud for a limited duration. Therefore, we strongly recommend that you **DO NOT enter a credit card** to complete the required course components.

If you still choose to enter your credit card to use IBM Cloud services, you will be liable to pay any resulting charges billed to your credit card. The course team does not take any responsibility for such charges.

In case you encounter issues while activating your account with a Feature Code, or your trial has ended and you have not yet completed the course, please contact the course support team via the course discussions forums for assistance instead of adding a credit card to your IBM Cloud account.

☒ I have read and accept the advisory information above.

Activate Your Trial

6. Look for a section titled **IBM Cloud Account Setup** or similar. This is where the feature code is usually provided.
 - The feature code might look like: CC-BOT-XXXXX.
 7. **Copy the feature code.** Save it somewhere accessible for later use.
-

Step 3: Visit the IBM Cloud Sign-Up Page

8. Open a new tab in your browser and go to the IBM Cloud registration page: <https://cloud.ibm.com/registration>.
9. Fill out the required fields in the form:
 - **First Name:** Enter your first name.
 - **Last Name:** Enter your last name.
 - **Email Address:** Use a valid email address that you can access easily.
 - **Password:** Create a strong password. IBM Cloud requires a mix of uppercase, lowercase, numbers, and special characters.
10. Select your **country/region** from the dropdown menu.

About your IBMid Account

By creating, or using, an IBMid to access an IBM Web site or other service, you acknowledge that you have read, understand, and agree to be bound by the below terms, in addition to the terms in the IBM Terms of Use, the IBM Privacy Agreement and the "About your IBMid Account Privacy" section of this notice provide details on how IBM protects your personal data.

Most IBMid accounts are individual IDs, meaning you manage your own account information and access your account through the IBMid login service (i.e. IBMid is the authenticating agency).

If your account is created using an email address containing a domain owned by an organization which you are employed by, contracted to, or volunteer for, your organization can:

- inquire about the status of your ID
- request your account settings (including your personal information)
- at its option, convert it to an enterprise ID.

If your account was created as (or is converted to) an enterprise ID, your organization manages your account information. It is also the authenticating agency for your ID, meaning your access is controlled by your organization's login service.

Your rights

Our [Privacy Statement](#) provides more information about your personal data rights. It also provides contact information if you have questions or concerns regarding our handling of your personal data.

- ☒ I acknowledge that I understand how IBM is using my Basic Personal Data and (if applicable) how my organization may become the authenticating agency for my IBMid account. I certify that my age is at least the age of consent for my country of residence.

If I am from the People's Republic of China, I agree my personal information may be transferred outside of the People's Republic of China for the purpose of providing me relevant products and services.

If I have an existing IBMid account and I wish to remove my personal information, I can contact the [IBM Privacy Office](#).

12. Paste the feature code you copied from the Cognitive Class course.

13. Double-check all the information entered in the form to ensure accuracy.

Step 5: Complete Registration

14. Click the **Create Account** button to submit the registration form.

15. If there are any errors (e.g., password not strong enough), resolve them and try again.
